

ANTI-FUNGAL FOOT SPRAY - PODIATRY

150 ml

Highly recommended for Athletes Foot

**Tested by an independent laboratory accredited by the MCC
(Medicines Control Council) and proven to eliminate:**

- **Dermatophytes**
 - Yeast
 - Mould
 - Fungi
 - Bacteria

Recommended for a broad spectrum of Bacteria, Fungi and Mould related foot infections and general bad foot odour.

Application: Spray liberally into footwear for the elimination of bacteria and fungi for prevention of secondary infection from footwear to the skin – allow to air dry.

Recommended for: Safety boots, Moto X boots, training footwear and general footwear.

Spray directly onto the feet and massage in between the toe's – allow to air-dry before putting your footwear on.

For skin infections apply to the affected area, massage in gently, allow air-drying
