

LICE REPELLENT SPRAY (for Hair)

Spray 150 ml

- A **Proactive Solution** to prevent lice infestation in hair
- CHILD FRIENDLY product

With increased hair to hair contact between people due to “selfies” or peak cap-sharing between children as well as any day-to-day general contact, lice infestation of hair has become a more common occurrence. Travel in confined spaces also adds to the risk of infestation.

Use as a proactive measure in prevention of head lice, spray washed, damp or dry hair with Proguard Natura Lice Repellent Spray and style as usual.

Prevention Is Better Than Cure!

Head Lice
