Anti-Bacterial Spray, Hand Wash and Antiseptic eliminates 99.9% of all known bacteria - Including the following “SUPERBUGS”

- *MRSA (Methicillin-Resistant Staphylococcus Aureus)*
- *E-Coli*
- *Pseudomonas Aeruginosa*
- *Staphylococcus Aureus*

Mosquito Repellent Spray provides an effective solution for the prevention of Malaria and other mosquito related illness.

Suitable for in-flight hand luggage on airlines.

For use by:

Travellers, campers, outdoor enthusiasts or merely to have in reach at home, work or holiday for total hygiene care and malaria risk elimination.

Game rangers, Diplomatic staff, Medical staff in mobile or rural clinics, Project staff, Logistics staff, Lodge staff, Military Personnel, Border Control Personnel – the Travel Pack will minimise staff illness due to low hygiene areas and/or high risk malaria and other mosquito related illness zones.

Travel Packs are very popular in retail outlets of hotels, lodges, campgrounds, airports etc.

Also enjoyed as a complimentary welcome gift for the customers to be placed in room prior to check-in. Can be branded with a sticker on the top front of the pack (approx. 120mm x 30mm)
